

CELEBRATING 75 YEARS OF INDEPENDENCE

AMRUT MAHOTSAV

*'Freedom has a high cost,
lives given, the ultimate loss.
That cost they willingly give
so freedom can continue to live.'*

RALLI INTERNATIONAL SCHOOL commemorated the sovereignty of the nation and reminded the students of the selfless sacrifices and headstrong commitment of our brave freedom fighters, through various assemblies conducted in primary, middle and senior wings and by sharing patriotic videos for the three consecutive days beginning from 13th August, 2021.

The virtual celebration of primary wing was held fantabulously in all the sections of class I & II. The students paid a virtual tribute to all the freedom fighters of the country who made us free from the shackles of British rule, through a special assembly. All the students exuberantly participated in different group activities conducted by the teacher during the class. Their participation with zest and gaiety made this occasion the remarkable one.

Following the footsteps, the middle wing too conducted virtual assembly titled 'My India, My Pride' in which they echoed our Prime Minister's dream of 'Make in India'. They reminded all, the fact that it was an Indian only, 'Aryabhata' who taught us how to count, without which no worthwhile scientific discovery could have been made. The senior wing was no less in their attempt and they too replicated the effort through a virtual assembly titled 'Proud to be an Indian'

Among the series of videos shared, the first part was displayed with the reminiscence of those who shed their blood for the nation. The video presented the long struggle for freedom beginning from 1857 to 1947. The young students got their hearts swollen with pride when they depicted the stories of Mangal Pandey- the legend, Rani Laxmibai- the great warrior, Mahatma Gandhi- the

advocator of non-violence, Bhagat Singh and Rajguru- the martyrs, Sarojini Naidu- the Nightingale of India and many others. Their splendor, love and respect for the nation was evident through their portrayal of the freedom fighters.

The second part of the series, shared on 14th August 2021, broadcasted the dances of young students celebrating **Jashn-e-Azadi** . The zeal and the patriotic fervor of the students was clearly detectable from their moves. The *Vande Mataram* tune boosted the pride of being an Indian and they questioned the real meaning of being free. They explained the correct meaning of emancipation and also prompted us for our duties towards the nation.

The final day celebration on 15th August started with the hoisting of the tricolor by our honorable and acclaimed Chairman Sir Shri. Surinder Kumar Ralli. He was accompanied by our versatile and skillful Managing Trustee Sir Shri Siddharth Ralli and our experienced and proficient Principal Ma'am Mrs. Neha Ralli. This was followed by singing of the National Anthem in unison expressing the joy of freedom. Our compassionate Chairman Sir addressed all and motivated to understand the true meaning of Independence and not let the sacrifices made by our freedom fighters go in vain. He also conveyed his wishes to all and suggested the small measures we can take as a service to the country.

The symphony of the students in the video of patriotic songs awakened everyone's feelings towards the Mother Land. Each patriotic song made the listeners feel more devoted to the nation. The students also displayed their nationalist feeling in the video through their different craft works in tricolor. Their joy, zeal and patriotic fervor knew no bounds exhibiting their creativity.

The three days series concluded with the new oaths and vows taken by everyone which can really propel the growth and amelioration of the country.
