

RALLI INTERNATIONAL KINDERGARTEN

REPORT OF ONLINE P.T.M CONDUCTED FOR KINDERGARTEN

Ralli International Kindergarten conducted P.T.M on 31st July & 1st August and it was very unique this time as it was virtual. The P.T.M was planned in such a way that the parents had a chance of one to one interaction with the teachers and the teachers were also able to know about each individual child. Many points related to how the students can manage his/her time effectively and can ensure steady learning in the present situation were discussed with the parents. The parents appreciated the initiative taken by the school and acknowledged the hard work put in by the teachers.

We are delighted to hear overwhelming response from the parent's side. Overall the PTM was conducted successfully with positive feedback from the parents. We appreciate the trust and continuous support of the parent and look forward for the same in the near future.

Glimpse of Virtual P.T.M
