

The First Ever Virtual Parent Teacher Meeting

Ralli International School shares and cares to develop a child into a fine human being that's the reason, this pandemic could not stop us to develop a rapport and build a strong relationship to understand and determine the need of a child.

The entire family of **Ralli International School** felt immense pleasure in organizing the first ever **Virtual Parent Teacher Meeting** of **Primary Wing** (grades I – V) on 24.7.20 & 25.7.20.

This meeting provided a great opportunity to discuss the progress of the child with his / her parents. **The meeting was completely focused on how we can support each other better, to enhance this remote teaching - learning process.** The school provided the great opportunity to open two ways communication for the welfare of kids.

This meeting proved to be very meaningful for both the teachers as well as the parents. It provided a great platform to parents and teacher to share insights and information about the child for the holistic development of him / her.

Virtual Parent Teacher Meeting has cemented and strengthen the virtual bond between the child, teacher and parents.

*We are overwhelmed and thankful to all the parents to shower their love and appreciation on us. We consider all the parents as our **partner in education** and believe that continuous communication and interaction between teacher and parents as an equal stake holder is vital for the development of the child. Our effort is to develop an integrated personality; **it is only possible when student, teacher and parent work hard to weave a web of togetherness for providing quality education.***

Glimpse of Virtual Parent Teacher Meeting
