

PRESERVING THE PAST FOR THE FUTURE

Indian heritage and culture are vast and vivid. It is because of the large number of religious groups residing in our country. Every community has its own set of customs and traditions which it passes on to its younger generation.

However, some of our customs and traditions remain the same throughout India. Our traditions teach us to inculcate good habits and make us a good human being. This word has several connotations i.e. Natural heritage refers to, an inheritance of fauna and flora, geology, landscape and landforms, and other natural resources. Cultural heritage refers to the legacy of physical artifacts and intangible attributes of a group or society – man-made heritage. Food heritage refers to recipes and ingredients and procedures of cooking, industrial heritage refers to monuments from industrial culture.

To embrace the feeling of oneness amongst our Rallians, a set of activities and assemblies were organised within the school premises for classes I-XII at regular intervals.

S.NO	DATE	ACTIVITY NAME	CLASS
