## Reading is Dreaming With Open Eyes

Reading is dreaming with open eyes. These simple yet deep words said by Ms. Anissa Trisdianty may make your mind ponder as to why is it so.

Well, let me tell you! Reading has the powerful ability to create a totally new world around us. It can take us to many places without leaving our comfort zone.

Breathtaking wonders await as we read a book about fantasy! Amazing knowledge awaits when we read a book about our culture, our past, science, inventions, and discoveries that have happened over the centuries! Just imagine how many adventures you can embark upon while reading a book, just like me when I was reading a book about Black Beauty, a beautiful horse with a white patch. The book took me on adventures with that horse! I found myself in the meadow with her, I found myself in the trouble and the amazing life that it had.

Well! that was my adventure, what about yours?

## Reading is Dreaming With Open Eyes

Reading is dreaming with open eyes. Reading can give you a feeling of involvement in the story in such a manner that you feel as if you are a part of that story and you just become an inseparable part of it. Like when I was reading a book called "THE SKY IS FALLING" written by Sidney Sheldon,

I became so attached to the book that I just finished the book within 2 days and again being a non-reader still managed somehow to complete the book. The point is that reading as a hobby will inculcate a better human being inside you. You will tend to become more patient and you will begin to dream with your eyes open!

I am still on my journey to reading books....I believe someday, I will reach where I wanted to and books won't leave your side, yup! That's one good thing about books!

Reading helps you develop new perspectives and exposes you to new ideas and ways of thinking. It also allows you to build your skills, improve yourself, and accelerate your growth.

So, friends, reading books can help us in many ways. It helps us look at the world from a different perspective altogether.

## Reading is Dreaming With Open Eyes

Reading is like dreaming with open eyes, where the pages of a book become the canvas for the mind's imagination to paint vibrant scenes.

With each word absorbed, filled with characters to meet, places to explore, and adventures to embark upon. Through the magic of storytelling, readers can escape the confines of reality and enter realms limited only by the boundaries of their creativity. In the embrace of a good book, one can drift into a dreamlike state, where the ordinary transforms into the extraordinary, and the impossible becomes possible.

‘Reading is a hobby which increases knowledge.’ Dreaming means the progress and goals we want. Education is a key to success in our life.

In this success ‘Reading’ plays an important role for us. By reading books and other study materials, we increase our knowledge. To become a successful person, reading everything thoroughly is important. A person with full knowledge of the outside is less educated compared to a reader because a reader can learn new things every day by reading only but a person with full knowledge stops on his line of education and becomes a back footer. Reading also enhances our pronunciation skills and gives us knowledge. Reading is not only for study, it’s also for our enjoyment and refreshment. At last, I want to say that, ‘You can be greater by knowledge, but smaller than an everyday reader.’

## Whispers of Ink: Dreams Unbound

In realms of ink and parchment bound,  
Where dreams take flight without a sound,  
I wonder through each page I turn,  
A world of wonders there to learn.

Through forests deep and ocean-wide,  
In tales of love and courage tried,  
I walk with heroes, side by side,  
Their journeys fill me with pride.

In words, the dance and whisper sigh,  
I hear the echoes of the sky,  
A symphony of thoughts untold,  
In books, my dreams begin to unfold.

With every line a new sunrise,  
A universe within my eyes,  
Imagination endless flight,  
In reading, dreams take soaring height.

So let me dream with eyes awake,  
In stories told for hearts to take,  
For in these pages, dreams reside,  
Forevermore, in worlds untied.

 In the mind of the reader, a new world to survive.  
 With every line, a new tale unfolds,  
 A story of love, of loss, of gold,  
 Of heroes brave, of hearts of old,  
 In the pages of a book, a world to hold.  
 The words, like magic, weave a spell,

## पढ़ना खुली आँखों से सपना देखना है

अगर मुझे पढ़ने वाले शब्द को बताना है तो यह निश्चित रूप से कहना पड़ेगा कि यदि आप पढ़ना शुरू करते हैं तो आप परियों की कहानियों, कल्पना, रोमांच और बहुत कुछ से भरी दुनिया की कल्पना करेंगे, लेकिन मुझे यह कहते हुए खेद है कि इस सदी में लोग केवल टेलीविजन, मोबाइल, लैपटॉप और ऐसे कई और गैजेट्स में रुचि रखते हैं। मुझे लगता है कि हमें इलेक्ट्रॉनिक गैजेट्स के समय को कम करना चाहिए और धीरे-धीरे, पढ़ने और एक नई काल्पनिक अनुभव का समय बढ़ाना चाहिए। अब मैं आपको पढ़ने के फायदों के बारे में बताती हूँ -यह हमारी शब्दावली को भी बढ़ाता है, हमें नए शब्दों और अनुभवों की कल्पना कराता है, यह उनकी दृष्टि को पंख देता है और बहुत सारा ज्ञान देता है। हमें हर दिन दो नए शब्द सीखने चाहिए यह शब्दावली और संचार कौशल के निर्माण में मदद करता है। पढ़ना न केवल हमारी तथ्यात्मक जानकारी को बेहतर बनाता है, बल्कि हमारे शैक्षणिक ज्ञान में भी मदद करता है। हमें अपने लक्ष्यों और सपनों को ध्यान में रखकर पढ़ाई करनी चाहिए। इससे हमारी पढ़ाई में मनोबल बढ़ता है।

## सपने सीख संघर्ष और साहस

खुली आंखों से सपने देखे मैंने।  
बंद आंखों के सपनों का क्या ही फ़ायदा।।

खुली आंखों के सपनों को पूरा करने के लिए।  
दिन-रात किताबों में खोने का किया वायदा।।

एक-एक सपने को परवान चढ़ाने के लिए।  
कई रातों को आंखों से दूर रखा मैंने।।

इसे मेरी ज़िद कहें या संघर्ष।  
पढ़ना और सिर्फ़ पढ़ना आंखों का सपना बना दिया मैंने।।

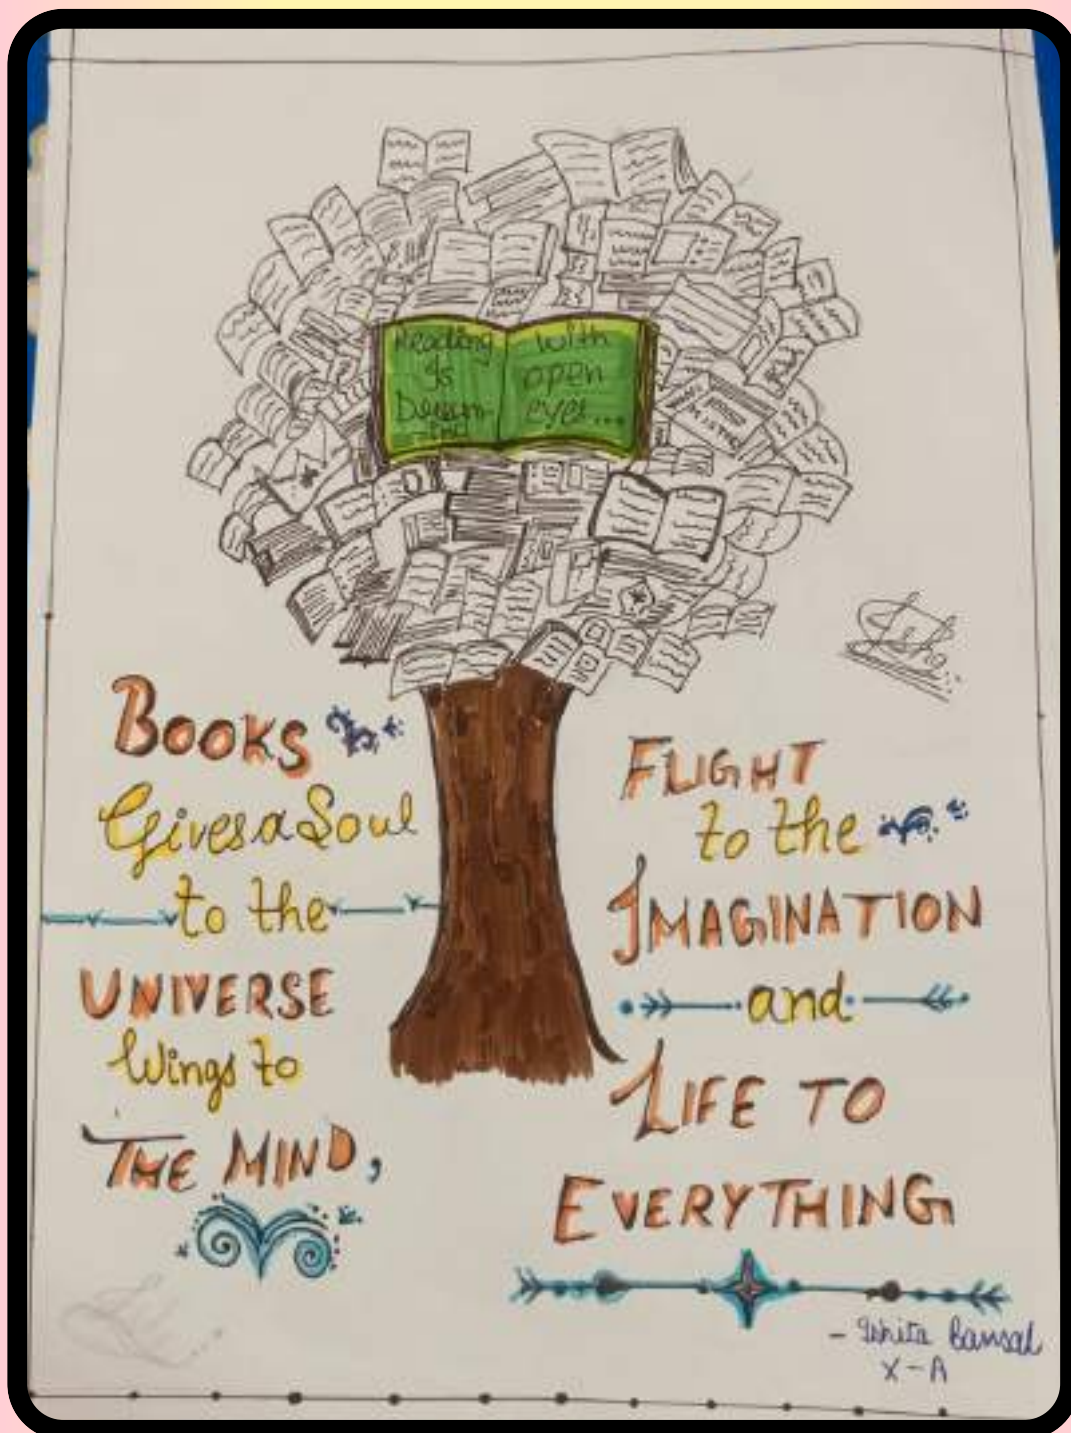

किसी ने खूब कहा है....  
सपने वो नहीं होते जो आप सोने के बाद देखते हैं....सपने वो हैं जो आपको सोने ही नहीं देते।

In the quiet realm of books, we find,  
A world where dreams take flight,

## Aditya Kaakran

III<sup>rd</sup> year student at IIT Bombay

Pass out session: 2022-23

### 1. Can you describe your academic journey throughout school life? What were some of the challenges you faced and how did you overcome them?

My academic journey at RIS was truly wonderful. I had the opportunity to learn from dedicated teachers who not only imparted knowledge but also instilled a passion for learning within me. One of the challenges I faced was managing my academic workload alongside extracurricular activities. Balancing these demands taught me valuable time management skills. By prioritizing tasks and setting aside dedicated study periods, I was able to excel both academically and in my extracurricular pursuits.

### 2. What are your plans for the future, both academically and professionally? How do you think your experiences at RIS have prepared you for these goals?

My future plans involve pursuing a career in engineering, building on the holistic education I received at RIS. The school not only provided me with a strong academic foundation but also emphasized the importance of critical thinking, problem-solving, and teamwork—skills that are crucial in the field of engineering. These experiences have equipped me with the confidence and knowledge to tackle challenges and achieve my professional aspirations.

### 3. Can you share a bit about your own journey with reading? What role has reading played in your life, and how has it shaped your perspective?

Reading has always been a passion of mine, providing both relaxation and a means to explore different perspectives. ### 4. What are some of your favorite books or authors, and why do you think they resonate with you?

One of my favorite books is "They Both Die at the End" because it poignantly reflects on the fragility of life and the importance of living in the moment. The author's ability to weave a compelling narrative around such profound themes resonated deeply with me, prompting introspection and a renewed appreciation for life's fleeting moments.

### 5. In your opinion, what are some of the key benefits of reading regularly, both academically and personally?

Regular reading enhances language efficiency and expands vocabulary, skills that are invaluable academically. Personally, it fosters empathy and broadens perspectives by exposing readers to diverse cultures, beliefs, and experiences. Furthermore, reading stimulates critical thinking and creativity, traits essential for personal and professional growth.
