

RALLI INTERNATIONAL KINDERGARTEN

ACTIVITY REPORT (April - July)

Integrating activities with academics makes children independent learners. Keeping this in mind various activities were conducted which helped the children in building their confidence, developed motor skills and enhanced their vocabulary. Here are some glimpses of the activities conducted during the online classes.

GLIMPSES OF ACTIVITIES

Clay Modelling Activity

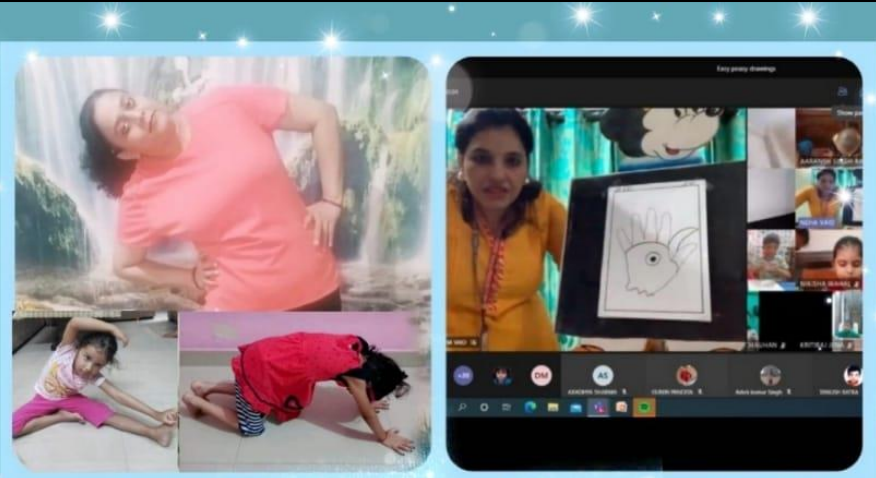

Fun With Shapes Activity

Rainbow Colours

T-shirt Folding

Standing Line

NUMBER

Exploring Shapes and Colors with Clown Faces

COTTON DABBING PAINTING

Tens & Ones Activity

This section shows children engaged in a hands-on activity. One child is using matchsticks to create patterns on a white sheet of paper. Another child is using spoons to create patterns on a blue sheet of paper. A central graphic features the text 'Tens & Ones Activity' inside a hexagonal frame, accompanied by a paper airplane icon and a leaf illustration.

sun with matchsticks

Children are showcasing their 'Sun with Matchsticks' projects. They have drawn a sun with a smiling face and used matchsticks to create the rays. The projects are displayed on spiral-bound notebooks.

ICE-CREAM STICK HOUSE

Children are showcasing their 'Ice-Cream Stick House' projects. They have used wooden sticks to build a house structure, with colorful paper for the roof and walls. The projects are displayed on spiral-bound notebooks.

Facial Expressions

Children are showcasing their 'Facial Expressions' projects. They have drawn various facial expressions (happy, sad, angry, surprised) on spiral-bound notebooks. A central graphic features the text 'Facial Expressions' inside a yellow arrow shape, accompanied by a smiley face emoji.

VEGETABLE STAMPING

Children are showcasing their 'Vegetable Stamping' projects. They have used vegetable slices to stamp patterns on spiral-bound notebooks. The projects are displayed on spiral-bound notebooks.

Tear and Paste

Children are showcasing their 'Tear and Paste' projects. They have used red paper to create a raspberry shape by tearing and pasting it. The projects are displayed on spiral-bound notebooks. A central graphic features the text 'Tear and Paste' inside a red circle.
