## Math

### Counting Giant Theme : Backward Counting

To revise the concept of counting forward and backward from a variety of starting points, an oral activity **Counting Giant** will be conducted in the class.

### Rapid Fire Round Theme : Subtraction

Through this group activity children will revise single digit subtraction by subtracting numbers verbally.

### Bingo! : Theme : Subtraction

Children will draw a Bingo Ticket in their notebook and will colour the boxes in the ticket as instructed by the teacher.

### Multiplication Model Theme : Multiplication

Students will identify multiplication as repeated addition using the dice and stickers.

## EVS

### Thank you Card Theme : Teachers' Day

Teachers play an important role in shaping the future of children. To pay gratitude to them, children will make a beautiful card using different materials.

### Germs are not for Sharing Theme : Health and Hygiene

Clean hands are our best prevention from diseases. To understand the importance of hand wash children will do an activity to show how germs run away after a good hand wash.

### Dos and Dont's to keep Ourselves Safe : Theme : Rules keep us Safe

To develop critical thinking among students, a fun activity will be conducted in notebook, in which students will represent rules which are safe and unsafe for them through sad and smiling emoji.

### Book Mark Theme : Rules keep us Safe

To make learning fruitful and more interesting a book mark activity will be conducted. Students will make a book mark and will write safety rule of their choice on it.

### Fun With Leaves Theme : Parts of Leaves

Children will collect any four different types of leaves from their garden or a park. They will trace the leaves and capture the information about them like their name, size, types of edges etc. on an A4 size sheet.
