

INTER SCHOOL EVENTS

Competitive Rallians participate, succeed and bestow beyond the ordinary.....

Ralli International School believes in participating in Inter School Competitions for such competitions play a major role in motivating students to perform and excel and offer a lot more reward than just the winning prize. Such competitions offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude. They also encourage students to adopt innovative techniques and develop their ideas and skills. By participating in different genre students indeed learn an art and this gets refined with their solemn efforts. Achievements through competitions can leave great imprints on building confidence and overall development of a child. Such competitions provide a great platform to display the knowledge and skills one has amassed over the years. The experienced panel of jury can provide a critical analysis and feedback of one's performance. In this way, Inter school competitions can prove to be a great source of self-evaluation and motivation for students and help nurture their experience and skills further.

Like every year this year as usual Ralli International participated in many Inter School Competitions and our star students brought laurels to the school in multifarious competitions organized at Inter School level.
