

*"It's good to have high-quality competition;  
It helps drive research forward at a faster pace."*

Ralli International School aims to make its pupils grow in a competitive environment which not only leads them to learn collaboration but also let the habit be ingrained in their personality for ever.

Competitions lead to experience diverse avenues & a versatile young personality is created. We give a plethora of chances in multiple fields to our students to select from & showcase their skills. They even get chances to experiment something new if they wish to with the support & guidance of our expert mentors. The school has always motivated a healthy lifestyle for everyone and has promoted the students for the wholesome participation in all the extra curriculum activities.

*"The ability to learn faster than your competitors may be only sustainable competitive advantage."*

The healthy competitions teach the students for the survival skills which the life demands. The students learn various life skills throughout the year with various events like- Kavita Vachan, Spin a Yarn (Story Writing), English/ Hindi debates, Hindi/ English Creative Writing, Inter house Solo Dance Competition, Spellathon, Slogan Writing, IT integrated competitions, Thespian talent rounds, Science Quiz, Rubik Cube Competition etc. This brings out their creativity & guides them to not to squander the resources of the nation. They rather aim to be the alchemists for the society with such wide range of events.

The school aims in provision of golden opportunities to sharpen the skills of students through participation in these events. The competitive events encourage excellence in oratory skills, designing, and leadership skills. Art, drama, music and dance are the regular disciplines but the challenging and zealous inter-house events provide a platform to execute the passions of the pupils.

Our events have always evolved and chiseled the true potential of our students. The teachers diligently prepare the students and provide resources, to ensure quality learning experiences, both scholastically and co-scholastically. **Thus, to be a Rallian is to commit towards the holistic development of the student!**
